Graduation Banquet Held In New School Auditorium

An historic event was marked, Friday last, when the first graduation class from the new Didsbury High School was honored at the graduation banquet held in the school auditorium.

The nineteen graduates are Norman Archer, Marion Dickau, Ellis Devine, Betty Gill, Patricia Halliday, Maxine Hosgood, Marlene Klancney, Viola McNaughton, Marlene Miller, Harry Penner, Howard Robertson, Marvella Rodney, Melvyn Stauffer, Willard Stauffer, Robert Thompson, Phyllis Traub, Marilyn Umbach, Marlene Vipond, and Valeria Watkins.

The Home and School Association catered for the banquet at which 185 guests were present.

Toasts and replies were given by Norman Archer, toastmaster; Patricia Halliday, Mrs. H. Lynch-Staunton, Lyle Ford, Melvyn Stauffer, Valeria Watkins, Mr. Thomas Morris, Phyllis Traub, Mr. Howard Klancney, Willard Stauffer acted as assistant toastmaster.

The valedictory address was ably delivered by Norman Archer.

Mr. Viginus presented the diploma with the certificate for the highest French mark of the class.

Mr. Stauffer was presented with a gift by the members of the orchestra in appreciation of his direction.

Good luck to the Grads of '55.

OLDTIMER RETURNS

Mr. Jim Ruby of Yakima, Wash., has been the guest of Mr. and Mrs. Julius Mullen for several days. Mr. Ruby homesteaded in March, 1902, one mile south of Zella school, where Jack Worthington now lives. He lived at a time in Didsbury and also on the farm which now belongs to Sid Wilkins. He visited with friends in Didsbury and relatives in Red Deer during his stay. Mr. Ruby is in good health and will celebrate his 95th birthday on June 11.

M.V.B.C. NEWS

(From Our Own Correspondent)

Mr. and Mrs. Lusk have returned from their meetings in Winfield, B.C. They report having had good services, and that Rev. W. D. Annett is doing good work as a pastor. The church is growing and several concerts during the meetings will be held to the church.

Rev. and Mrs. Taylor and Sherrell will be in Indiana this coming week. Mr. Taylor is holding a weekend Bible Conference in Rev. Kenneth Geier's church in Elkhart, Indiana this coming weekend.

A farewell party was held by the people of the United Missionary Church for Mr. and Mrs. Gordon Neufeld who are taking up residence in Calgary shortly. They will be missed in the Sunday School church services very much.

Miss Eby entertained Mr. and Mrs. H. Oke for dinner on Friday last. Rev. Chris Hedegaard returned from Acadia Valley Monday. He had been helping put out crops there, and stated that seeding is over there. Rain fell heavily on Sunday, and it was still raining when he left. They are fortunate indeed.

Miss Walsh is in town for a day receiving some inoculations in preparation for her European tour this summer.

We have heard from some of the students. So far as we know they all have good jobs for the summer and most of them will be returning to us in the fall.

Mt. View W.I. May Meeting

May 18 was the regular meeting of the Mountain View W.I. and was held at the Mountain View Hall with 15 members and 4 visitors present.

The meeting opened in the usual manner, and songs sung were led and accompanied on the piano by B. A. Atkinson.

Correspondence was read. A thank you letter from the Artistic fund for donation of \$3.00 and A thank you from Frances Kolbit in behalf of the Girls Club for the donation of a satin bound blanket. \$3.00 was sent to Salvation Army. An A.W.I. ring was ordered for Mrs. Max Wood.

Plans for Constituency Conference were as follows:

Mrs. Max Wood delegate; reply to the address of welcome, Mrs. Trev Morgan; entertainment, Mrs. Wm. McCoy and Mrs. A. Gebers.

Old clothing to be brought to the next meeting and sent to missionaries.

Mrs. L. Hunter and Mrs. A. Gebers, turned in the money for one free blanket each since this wasn't satisfactory to some members and officers.

A splendid talk was given by Mrs. Neil McKay on eating, curing, and cooking meats and we all learned some important facts.

Miss Johnson R.N. and health nurse gave us a very interesting lecture on inoculations and vaccinations and stressed how very important to a child's life this is to give a fighting force against the enemy of germs to prevent an epidemic of diseases. We were grateful to both these ladies to give of their time to our benefit.

Draw netted \$2.00 and was won by Mrs. Roy Gale.

Six articles were sent to the handicraft exhibit at the Edmonton Convention.

Next meeting June 15 at Mrs. Eric Atkinson.

C. Berthel, its a boy.

The Westcott Young People are to be congratulated on the splendid program they presented to a school sized crowd in the Rugby hall on Friday evening. Everything from the chairman Gordon McNaughton to the prizes, dainty dinners, etc. went off without a hitch, all knew their parts so well there was no prompting, which makes for a good program. Proceeds were ear-marked for the west coast mission.

Zella W.I. Holds Regular Meeting

Mrs. J. Johnston and Mrs. Joe White were co-hostesses for the Zella W.I. meeting held Thursday evening May 19 at the home of Mrs. Johnston.

15 members and 3 visitors were in attendance with a roll call of flower slips, seeds or plants.

Because of the late farming season, Mrs. E. Walldorf and Mrs. W. Spooner declined to go to the A.W.I. convention as delegates with Mrs. E. Lowrie and Mrs. C. Gibbs, nominated in their place.

For an agriculture topic Mrs. Joe White read an article on "The South Alberta Bean Crop".

Mrs. T. Spooner demonstrated the making of four practical home rugs made from salvaged material from anyone's scrap bag.

The hilarious "bit of fun" conducted by Mrs. O. Nelson brought out the acting and also acrobatic abilities of members in doing what was written on a slip of paper.

The next meeting will be held on Thursday evening, June 16 at the home of Mrs. M. Knights when roll call is asked for the Senior Citizens Home.

Golf Tournament Planned For Local Course Sunday

Old man weather hasn't co-operated any better with local golfers than he has with anyone else and few have enjoyed their favorite summer sport so far this season. However, a mixed two-ball foursome has been planned for Sunday, May 29. Those taking part are asked to arrange their own time. Competition fees are 25c per couple and tea will be served at the club house between the hours of 3 to 5 p.m. at a nominal charge.

The following draw was made from last year's membership. Anyone not listed and wishing to take part are asked to phone 145 or 243 by Saturday, May 28.

DRAW:

Dr. and Mrs. R. McKenzie vs. Mr. and Mrs. Art Reiber.

Mr. and Mrs. Wm. Cowan vs. E. Eib and Grace Hadley.

Mr. and Mrs. A. E. Prevost vs. Mr. and Mrs. Fred Evans.

Mr. and Mrs. F. Nicholl vs. Mr. and Mrs. W. McFarquhar.

Mr. and Mrs. E. Watkins vs. Mr. and Mrs. L. Berscht.

Mr. and Mrs. L. Grande vs. Mr. and Mrs. F. Nundani.

Mr. and Mrs. S. Devine vs. Mr. and Mrs. G. Turing.

Mr. and Mrs. F. Kaufman vs. Mr. and Mrs. H. Lynch-Staunton.

Dr. and Mrs. C. McNichol vs. Mr. and Mrs. J. Tuggle.

Dr. Asquith and Gladys Waugh vs. Mrs. G. Thring and Sam Krueger.

Mrs. A. Reiber and John Holub vs. Mrs. A. Allen and H. Halliday.

Anyone unable to play please contact the above mentioned numbers by Saturday, May 28.

On May 5, ladies' day at the golf course, a few ladies turned out to attempt a round of golf, but found the course somewhat wet. On May 12, there were six lady golfers who enjoyed their game in spite of the wind.

The rules committee will meet with representatives from the men's club on Friday, May 27, to clarify some disputed or misunderstood rules, as please give the committee an idea of your problems before that date.

It was decided by the draw committee that no competitions be held on ladies' day until after the May 2 tournament but they will meet on May 26 at the usual time of 2 to 3:30. Ladies may arrange own partner, and playing times. Tea will be served, weather permitting, at 4 p.m. for a charge of 25c. Join us for tea even if you don't care to play.

HONEYBEES AND POLLINATION.

Honeybees are good pollinators of many crops because both the larvae and the adult are dependent upon nectar and pollen for their food. Numerous visitations are required by a single honeybee to secure a load of pollen or nectar. The branched hairs of their bodies are particularly adapted for the collection of pollen. The tongues are capable of collecting minute quantities of nectar that are within their reach in the flowers.

The honeybee is known to pollinate some fifty agricultural crops on this continent, and from these crops they store a large surplus of honey and pollen for winter supplies as compared with subsistence quantities stored by other types of bees. The versatility of the honeybee, in working so many varied crops, makes it more valuable than other species of insects which are limited in the number of crops visited. Native pollinators vary with the seasons, parasites, and predators, and although more efficient pollinators on some crops than honeybees, they cannot be controlled by man. Honeybee colonies, with populations of 60,000 or upwards, can readily be moved or maintained where pollination of certain crops is essential.

The Apiculture Division, Central Experimental Farm, Ottawa, Ontario, has shown that honeybees can and do pollinate red clover effectively. Extensive experimental work has been done on apples in the Annapolis Valley, and currently work is under way with alfalfa clover, birdsfoot trefoil, blueberries, cucumbers, and sunflowers.

Although much experimental work has been done on the individual behavior pattern of honeybees, their reactions under field study to determine their adaptability to cross-pollinate crops under varied conditions of soil or climate.

Evacuating Northeast Calgary

At City Council's budget meeting, several aldermen expressed opposition to the evacuation exercises planned by civil defence authorities for next September. All the population in the northeast quarter of the city will be moved out.

The Albertan feels this test should be proceeded with and should receive the unanimous support of everyone concerned. The fact that public support solicited thus far is practically unanimous is proof of this city's progressive nature.

There are many reasons for objecting to the test. Why should Calgary be the guinea-pig? Why not let some other city? Why should Calgary money be spent on a project initiated and requested by federal authorities? How practical will evacuation be in the event of an atomic attack? Is Calgary a likely target? And so on.

But the reasons for the test are more compelling.

No one knows how effective mass evacuation can be until it is tried. It may not be the answer to atomic war, but on the other hand it may help. Better to try it than to do nothing. The public may plunge into disorganized or unorganized evacuation in the event of war, and that may be as frightful as a bombing attack itself. The possibilities and limitations of organized evacuation must be known, and if Calgary is the only major city willing to be the guinea-pig, then so be it.

So let's all pitch in and do a complete job. The purpose is to gain information, to see what can be done and what can't be done. Therefore this must be as realistic as possible. That will be the measure of its success.

—Calgary Albertan

Dealing with the same movement, there were representatives from the Town of Didsbury in Calgary on Friday and we hope to have a report elsewhere in this issue on their findings. The weather at the moment is still very unseasonal and the roads go with the weather hereabouts. The letter in last week's issue pointed out very well what situation could occur if the above-mentioned evacuation were taken out under such circumstances.

Now that we're more or less running down the road situation we may as well tell you the one we heard the other day.

Seems this farmer was heading along one of our 'all weather' roads when he spotted a hat laying in front of his vehicle. He stopped, lifted the hat, and was amazed to find a man underneath it. He said, "Hold on tight and I'll pull you out."

Through The Study Window

By REV. G. C. ARMSTRONG

The day this item appears in the Pioneer I shall be in Calgary, attending the meeting of the Settlement Committee and the ensuing meetings of the Alberta Conference. One of the problems of the church is the fact that there are not sufficient ministers to supply the congregations, and there will be about twenty-five places without ordained ministers.

There is only one solution to this problem—a response to the call of God to the ministry. On each pastoral charge there should be a new candidate for the ministry at such intervals as would maintain present supply plus necessary expansion in the work. Since on the average it takes about twenty-four years from date of birth of ordination, this matter of candidates for the ministry is not one that can be solved in a matter of a year or two. It has to do with a lifetime attitude towards the ministry on the part of potential candidates and a corresponding attitudes on the part of the congregations.

Most of the candidates for the ministry should come from the homes of lay people. Actually most of them come from the manse and parsonages. It is the homes within the congregations that are not supplying the candidates. It may very well be that the attitudes of parents within these homes is responsible for the fact that the call of God is obscured. Many parents simply do not want to encourage their sons or daughters to enter the ministry. Within some homes the attitude passes over from indifferent or negative to one wherein the ministry is ranked, in their opinion, below other "occupations."

A low regard for the high calling of the Christian ministry is one reason for the shortage. Another reason, paradoxically, is the fact that some people believe that the requirements for the ministry are so high: the demands upon them so varied and extensive, that very few can meet qualifications. Thus potential candidates may look for a position, job, or field of service where they will find that the demands are easier, the hurdles are lower, and the consequent risk of "failure" is

KILLING EARTHWORMS IN GARDENS: Many times recently I have been asked to give a solution to this question: Why does my garden yield poorly and why does the ground bake hard after a rain? The answer to this question may be that you have an over-abundance of earthworms at work in the soil. Earthworms live on earth, take it into their bodies digesting it and excreting it again. During this process the physical qualities of the earth is changed somewhat resulting in the unsatisfactory response of the ground to plant life. Some earthworms are beneficial but too many are a detriment. It may be advantageous for you to reduce this earthworm population somewhat. In my own garden I have used the following remedy several times with good success:

1. Copper Sulphate (bluestone): 3½ ounces in 50 gallons of water applied to an area of 1000 sq. ft. Follow this with twice the amount of clear water to wash the material down. This should be done in the evening so that the ground will remain moist for quite a while. The earthworms will come to the surface, take the moist earth through their bodies and be killed by the poison. There is no danger to plants or animals once the material is applied and washed down. Until then however, treat copper sulphate as a poison. This method is cheap to use and effective.

lessened.

Perhaps the wording on one of our official forms will help to create and maintain a wholesome and fruitful attitude that will mean that the Call of God is not drowned out by the clamorous or critical voices of mankind. "We shall render him due respect, encouragement and obedience in the Lord."

P.S.—Anniversary Services will be observed on June 12th.

(From Our Own Correspondent)

Mrs. Jack Robertson spent a few days in Edmonton the first of the week, prior to daughter, Margaret's, graduation at the University of Alberta. Mr. Robertson and Howard joined them later for the big event. Congratulations Margaret it's always a thrill seeing one of our own making such excellent results.

We regret to report that Mr. John Jacobsen is again very ill in the hospital. We sincerely wish him well. Congratulations to Mrs. Gordon Ford who was a recent winner in the State Vacuum contest.

Mr. Henry Wilshtuen has his nephew from New York visiting him at present. He has just completed a time in the U.S. Army and was stationed at Iceland, he likes to compare our Alberta with that country, is that a compliment to our country John?

Farmers who were able to as the saying goes, "make hay while the sun shines," were really out there working early and late and some of the seedling is done, others haven't turned a furrow as yet waiting for the fields to dry.

Mrs. Konechuh, Westcott's teacher became ill at school last Friday and had to dismiss the children early so the kiddies get a little larger holiday on this weekend when they celebrate the 24th.

SPRINGSIDE NOTES

The ladies club met last Tuesday at the home of Mrs. Lawrence Chandler with thirteen members and one visitor present. Mrs. R. E. Gilliland won the contest, prize.

After the business discussion a delicious lunch was served by the hostess.

Congratulations to Mr. and Mrs. Art Jackson on the birth of a son. Mr. and Mrs. Lloyd Kershaw and Marion were Calgary visitors last Saturday.

Sunday dinner guests at the Lawrence Chandler home were Mr. and Mrs. Clarence Roeth and Ronald Kievit. The occasion was to celebrate Lawrence's birthday.

Ladies don't forget clean up day at the hall on June 1st.

Next meeting will be held at the home of Mrs. J. R. McDonald on the 7th of June.

WESTCOTT W.A.

The May meeting of the Westcott W.A. was held at the home of Mrs. A. Blaine, with thirteen members and two visitors present.

Mr. Ed Klinek gave the devotional, "The Comforted."

Bible Study, "Revelation and Inspiration," was conducted by Mr. C. Armstrong.

The business meeting was followed by the Missionary Study, given by Mrs. P. Hoesegood on "Education in India."

Meeting closed with a hymn and the Benediction.

Husband: "If I can't make it back from this trip this evening, I'll send you a note."

Wife: "Don't bother. I found the note in your pocket this morning."

Party Policy

(Continued)

The Town of Under-Dog was buzzing. The Provincial Government had been dissolved and an election called. Under-Dog was incorporated as a Town in 1907 and started a station when the railway was built. Originally the main provincial highway had passed through it but this was changed by the Government several years ago with the result that the connecting link of some two miles has been a grievous source of loss to the business of the Town ever since. In the summer it is usually rough and dusty; in the winter it is always rough and at times snow blocked; and during the spring break-up it usually becomes next to impassable. The result is that nobody ever comes into Under-Dog unless they have to. The Under-Dog Board of Trade and Chamber of Commerce has repeatedly taken the matter up with the Provincial Government, only to be informed that the Government policy is to connect the Towns that are by-passed by their main highways with an "all-weather" road, and that Under-Dog, along with other Towns in the same position, have been given just such a road. Under-Dog repeatedly points out that such a road is not adequate to handle the traffic, especially as this has lately been augmented by mail trucks, express truck, and more school vans, as they can very well verify by their experience over the years, but Government policy predominates.

The M.L.A. for Under-Dog is a Mr. Sog who lives on a farm about ten miles from Town and is a Government supporter. Rumor has it that Mr. Sog will not be running again so interested citizens of Under-Dog have gone into a huddle. It is essential to their welfare that something be done about that road, and fast. Mr. Sog had never done anything for Under-Dog in all the years he had sat in the House, or if he had it has been forgotten. But there is a party in Under-Dog, a hard fellow well met, who is ready, willing and anxious to take the job over from Mr. Sog and if he does, so it is argued, he will see that Under-Dog gets a road; he will see that Under-Dog comes to become the neglected child of the Provincial Government that it has been for so many years. He will always have lots to say and will press its just causes! It, therefore, is expedient to see that this Mr. Helper gets the nomination as Government candidate and is duly elected. It is so evident that this is the right procedure to follow that many of the leading citizens have even expressed their willingness to invest \$1 in his political future.

The Town of Forsight is situated very similarly to Under-Dog so far as the Highway and the connecting link are concerned. Forsight, like Under-Dog, has suffered severely over the years from being by-passed by the highway. Forsight, like Under-Dog, has repeatedly through its Board of Trade appealed to the Government for relief. Forsight, like Under-Dog, has always been stopped in its tracks by Government Policy.

Mr. Snow, the President of the Forsight and District Board of Trade and Chamber of Commerce, was listening to election speeches over his radio. A Mr. Squirrel came on the air. He announced as the Provincial President of the Nitty Party of Alberta. After advising his listeners that his party proposed to run a candidate in every constituency in the forthcoming election, he said: "I wish at this time to enumerate to you the planks of my party's platform. My party appreciates the fact that if this Province is to develop as it should it is necessary that our smaller communities be kept in healthy state. My party believes that this is essential for the safety and well being of our whole population. It recognizes the unpleasant possibility of having to evacuate large numbers of our city people to these smaller communities in the case of an atomic war and so that this can, if the necessity arises, be done with as much speed and with as little confusion as possible my party believes that it is essential that all roads necessary for transporting them and the supplies necessary for their keep while out of the cities be put in first class condition forthwith. With this in mind my party pledges itself, that if elected, it will:

1. Provide every small community by-passed by our Provincial Highway System with a hard surface connecting road.

2. Provide every small community with sufficient funds to allow it to hard surface its main street and that portion of the connecting road lies within its boundaries.

3. To do its best to see that the roads leading into each community from the surrounding district be kept in as good condition as is reasonably possible.

Mr. Snow immediately phoned Mr. Crow, the Mayor, and after consultation with the leading citizens of the Town it was agreed that the Nitty Party was the one for them to sup-

LEAD ASTRAY

port. It was true that Mr. Chipmunk, the candidate for that party, lived at the other end of the constituency but what of that; if his party were elected Forsight would get it's road. If Mr. Sting, the Government candidate were elected and the old government was returned he would be met by government policy and until that was changed there would be nothing he could do. If Mr. Chipmunk were elected and the former government returned he would at least be free to keep harping on the subject in the house.

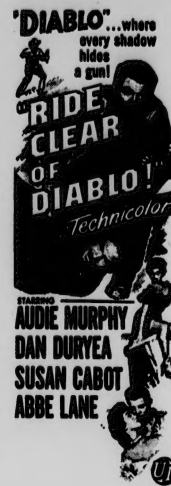

Election day came and the former government was returned with a reduced majority. Mr. Helper was elected by a small majority thanks to the help he had received from Under-Dog. Shortly after he took his seat in the House he rose and said: "Mr. Speaker, I have been requested by the Under-Dog District Board of Trade and Chamber of Commerce; the Town Council; the Service Clubs; the School Division; the Rural Municipality; and numerous other organizations of that large and prosperous town to bring attention of this House the serious conditions of the road from the Highway to the Town and I heartily demand, on behalf of the people that elected me, that something be done about it forthwith." The Minister of Highways rose from his chair. "Mr. Speaker: The new member from Under-Dog does not appear to be aware of the policy of this Government covering connecting roads to communities by-passed by Provincial Highways. For many years it has been our policy to provide these communities with what we class as all weather connecting roads and I believe that on numerous occasions the Under-Dog Board of Trade and Chamber of Commerce has been so advised. The road the Honourable Member refers to comes in this class and until the policy of this Government is changed there is nothing I can do. I do not anticipate any change in this policy so far as my Department is concerned, at least until the eve of the next election."

Mr. Helper vaguely wondered what he was going to tell his electors when he returned home but he took some comfort in a remark Mr. Sog had made when he announced his intention not to run. "The memory of the public is very short. It will soon forget anything you do for it, and also it will eventually forget the promises you have made."

PERCENTAGE OF PRICE INCREASES IN CANADA SINCE 1941

FARM IMPLEMENT PRICES

Maintained at Low Level of Increase

Throughout the past ten years farm implements have offered more and more in time and labour saving advantages. In fact, owing to the scarcity and high cost of skilled labour, farmers found in mechanization the means to maintain their operations efficiently and profitably.

And the chart above clearly shows an outstanding achievement by the Company in maintaining prices at a low level of increase over 1941. The index for Massey-Harris prices of implements and tractors sold in Canada has increased by only 66.8% from 1941, whereas the index of "all commodities" shows an increase of 76.8%. The index of raw materials that go into farm implements is up by 80.2% and the index of hourly

rates of pay in Massey-Harris-Ferguson Canadian plants is up by 173.9%. Farm products prices index is 76.1% higher and the index of farm labour wage rates is 170.2% over that of 1941.

To place equipment in the hands of the farmer at the lowest price practicable, farm implement prices over the years have been held to an exceptionally low level of increase in the face of the great advances in the cost of labour and materials.

In ability to do a lot of work quickly and easily, in quality of materials and workmanship and in price, farm implements and tractors offer exceptional value for the money.

THINKING
ABOUT
PROFITS ?

The people
who conduct
public opinion polls

asked a large
number of Canadians this question:

"How big a profit do you think the average
Canadian company makes?" Most people
thought it was nearly 28% on the income dollar.

Then these people were asked what profit they
thought a company ought to make. Most of
them thought it was

about half as
big as that, or
around 16%.

Actually, Imperial's profit last year was less

than one-third
of what people thought
we made, or a
little more than 8%.

Of this, just
over 4% was distributed

to Imperial's shareholders.

The rest went back into
the business, to help
replace worn-out
equipment and meet
future needs.

Notes From D.A. Bancroft Institute Regular Meeting

By HOWARD J. FULCHER

The seven 4H beef clubs in this area, will be holding their achievement day on Wednesday June 8 at Carstairs. There will be a total of 123 calves shown, these animals have been fed and fitted by the club during the past 6 months.

The members will show these calves in individual competition, with the top two calves from each club competing for the Grand and Reserve championship ribbons of the show. Following a noon luncheon and presentation of awards the calves will be offered for auction this to commence at 2:00 p.m.

The success of these clubs is greatly due to the guidance they received from their leaders, following are the clubs with leaders name in brackets. Carstairs (Harold Schaeke), Cremona (Val Reid), Crossfield (Jim Baxter), Juland (A. E. Brander), Olds (L. S. Fisher), West Didsbury (Jim Hughes), Westward Ho (Tony Spooner). Along with these men others in the areas have helped unselfishly to make the clubs a success.

I would like, on behalf of these men, the club members and myself to cordially invite all persons interested to come out and see these calves as they are shown. The judging and placing of these calves will be done in the morning. I am certain it will be found to be very interesting and educational to spectators as well as it is to the participants in this day program.

WALTHER LEAGUE HOLDS MEETINGS

The first regular meeting in May, of Redeemer Walther League, was opened with the hymn "How Sweet the Name of Jesus Sounds," Psalm 146 and a prayer. Rev. Fox led a further study on the Life and Times of Martin Luther.

The roll was called, visitors welcomed and minutes of the previous meeting read and adopted. Alfred Jans volunteered to design hats for those planning to attend the rally. All those planning to do so were asked to get together and compose a song, to be presented during the rally.

A New Guinea Night will be held on June 19th to raise funds to support seven young men who have been sent to New Guinea as volunteer carpenters, to help with the work in the mission fields. Alvina and Bertha Jans and Lilly Reinhardt were elected to make all plans for the New Guinea Night.

An Annual Reunion Service of the confederates of the past 10 years will again be held. This will be followed by the celebration of the Walther League's 42nd birthday, with Alvina, Ella and Irma Jans in charge of the lunch and Johnny Reese, Marvianne Rodney, and Gordon Gebers in charge of the entertainment.

Those members attending school in town agreed to give the church lawn chairs a coat of fresh paint.

Election for the League year 1955-56 results are as follows: Treasurer, Walter Atman; Secretary, Doreen Reese; Vice-Pres., Jack Meyer; President, Lilly Reinhardt.

The May meeting was held at the home of Mrs. Arnold, McCulloch with 15 members present and 5 visitors.

"You Are My Sunshine" was sung followed by the creed opened the meeting.

Roll call was answered by a potential plant for the school.

The minutes of the April meeting were read and approved.

The financial statement was given by the treasurer Mrs. Gordon Hoskin. A letter was read from the Salvation Army and was tabled till the next meeting.

Mrs. Harry Richardson thanked the members for the get-well cards sent to her daughter, Mrs. Kenneth Tighe.

Mrs. A. L. Hogg, Constituency Conventor spoke to us about the Provincial Convention, and the coming Constituency Conference and also about the renumbering of the district. She also brought before us two resolutions which were voted on and signed.

A vote was taken on the renumbering of the districts and was passed that the new district should take a new number.

The W. I. will cater to the Girls Club Banquet and plans were made for the sale.

Plans were also made for the lunch for the Grand-mother's meeting next month.

Mrs. Paul Hauser gave a paper on Social Service work.

Mrs. Gordon Hoskin read of the folder on education that was sent to her.

Mrs. Edwin Ahlhausen was elected delegate to the Provincial Convention in Edmonton.

Mrs. Paul Hauser won the tea prize.

The meeting adjourned by singing "Ode to the Queen."

The bit of fun was won by Mrs. Ray Good.

MORE TRACTOR ACCIDENTS

The tragic toll of farm accidents is mounting unusually fast this spring. Already the lives of at least 6 farmers have been claimed. Within the last few days three more fatalities have come to the attention of the Alberta Wheat Pool.

Last Saturday Edwin Thompson, farmer in the Camrose district, was killed when the tractor he was operating overturned and crushed him beneath. It is reported that Mr. Thompson had chained some logs to the tractor wheel in a soft spot in the land. It is believed that the machine tipped over backwards on him.

On the previous day Richard Reuteman, 18, of Calgary, was killed on a farm in the Hanna district. He was thrown from the tractor he was operating and was apparently dragged some distance by the tiller the tractor was pulling.

LUTHERAN CHURCH PLANS SERVICES

Whitsunday or Pentecost, one of the major festivals of the Church is usually observed as the inauguration of the holy Christian Church on earth. Sacred Scriptures records of the events of that day, "and the Lord added unto the church daily such as should be saved." This year May 29. Accordingly, at Redeemer Lutheran Church, a group of ten young people will receive into communicant membership of the church through the solemn Rite of confirmation. The service will begin at 10:30 a.m. The young people will give an oral testimony of their Christian faith. Thereupon they will be received into membership with the Church. On the following Sunday, June 5, these new members will attend the Eucharist for the first time. The service on June 5 will also begin at 10:30 a.m.

The following children have been taking instruction in the fundamental teachings of Sacred Scripture for the past two years, meeting at the Church every Saturday for two hours, and will now be confirmed: Gerald Befus, Lorraine Buchert, James Esler, Gerald Folker, Elly Jassaman, Larry Krebs, Harvey Konshuh, George Lumb, Rita Rodney and Geoffrey Suderman.

On Sunday evening, May 29, beginning at 8:00 p.m. there will be a Reunion Service of all past confirmands of the Lutheran Church. At this time, all those present will also be asked to renew their confirmation vow. Following the special service, a social will be conducted in the basement of the church under the auspices of the Walthier League. One of the features of this social will be the observance of the 50th birthday of the Walthier League, an International Youth organization. Redeemer Walthier League with a membership of 40 Leaguers is an active member of this organization.

Coming Events
